

JEEVANANT M P

Full Stack Developer | Data Analyst | Power BI, Excel, Python | AI/ML | Node.js | MySQL
+91 8754182837 | mpjeevanant1996@gmail.com | linkedin.com/in/jeevanant-m-p-8aa030172

Professional Summary

UI Developer with 3.5+ years of professional experience, transitioning toward Full Stack Development and Data Analytics. Strong foundation in HTML, CSS, JavaScript, Angular, and responsive UI development, with hands-on experience building full-stack applications using Angular, Node.js, Express.js, MySQL, REST APIs, JWT, and bcrypt.

Currently developing practical skills in Power BI, Excel, Python, Data Analytics, Machine Learning, and Deep Learning through real-world datasets and hands-on projects. Experienced in developing dashboards, analyzing data, creating visualizations, and building secure web applications. Motivated to contribute technical, analytical, and problem-solving skills in a growth-oriented organization.

Skills

Frontend: HTML, CSS, JavaScript, Angular, Figma

Backend: Node.js, Express.js, REST API Development

Database: MySQL, SQL, Database Design, CRUD Operations

Authentication & Security: JWT Authentication, bcrypt Password Hashing

Power BI: Data Modeling, Relationships, DAX, Power Query, Dashboards, KPIs

Data Analytics: Data Cleaning, Trend Analysis, Reporting

Excel: Pivot Tables, Pivot Charts, XLOOKUP, IF, SUMIFS

Python: Pandas, NumPy (Basics), Data Analysis, Data Visualization

AI, ML & DL: Fundamentals

Tools: Git, Github, PyCharm, Postman

Professional Experience

Freelance UI Developer & Data Analytics & AI Practice Projects | Jan 2023 – Present

- Cleaned and transformed datasets containing **1,000+ rows** using Power Query and Excel
- Practiced Python-based data analysis using real-world datasets (CSV) for data cleaning, exploration, and visualization.
- Worked with Pandas and NumPy to handle datasets with **1,000+ rows** as part of learning exercises.

- Implemented basic Machine Learning models (Linear Regression, Logistic Regression) using labeled datasets to understand prediction and classification.
- Practiced Deep Learning fundamentals by building simple ANN and CNN models using Python and TensorFlow on sample datasets.
- Evaluated model performance using accuracy and loss metrics as part of hands-on learning.

FA Software Services Pvt Ltd – UI Developer | Aug 2021 – Dec 2022

- Developed AngularJS dashboards, forms, and data tables.
- Integrated frontend with backend APIs for real-time data display.
- Collaborated with business and QA teams to ensure data accuracy.

Zinfoway Technologies Pvt Ltd – Frontend Developer | Aug 2018 – Feb 2021

- Converted PSD designs into responsive web pages using HTML, CSS, and Bootstrap.
- Ensured cross-browser compatibility and optimized UI performance.

Projects

Power BI Sales Analytics Dashboard

- Developed dashboards using Power BI with DAX measures (Total Sales, YTD).
- Analyzed product and region-wise performance.

Python Data Analysis Project

- Performed data analysis using Pandas and NumPy.
- Visualized trends to derive insights.

Full Stack Project

Developed a full-stack expense management application using **Angular, Node.js, Express.js, MySQL, REST APIs, JWT, and bcrypt**, featuring secure user authentication, expense CRUD operations, and a responsive dashboard with category-wise and monthly spending analytics.

Certifications & Training

- AWS Educate – Introduction to Generative AI (Training Badge)
- AWS Educate – Machine Learning Foundations (Training Badge)
- AWS Educate – Getting Started with Databases (Training Badge)
- AI, ML, DL & Data Analytics Program – Cultus Education and Technology Services Pvt. Ltd (Completed – Certification Pending)

Education

Bachelor of Computer Science and Engineering
Sri Sairam Engineering College, Chennai | 2014 – 2018

Languages

Tamil (Native), English (Fluent)
